Departure of Steamers.

FOR PORT WASHINGTON, &c.

The Steamer Cleveland leaves Johnson & Olmsted's Dock every morning (Sundays excepted) at 8 o'clock in the morning, for Port Washington, Sheboygan, Manitowoc and Two Rivers.

FOR CHICAGO, &c.

The steamer Traveller will leave Johnson & Olmsted's Dock every Tuesday, Thursday and Saturday evening, at 9 o'clock, for Chicago and intermediate ports.

FOR COLLINGWOOD AND THE EAST.

The Collingwood Line of screw steamers leave—one every day, from Dousman's dock, foot of East Water St., connecting at Collingwood with cars from the East.

FOR BUFFALO.

Screw steamers, with good accommodations for passengers, leave the different transportation docks every day for Buffalo.

The Grain Trade.

The recent decline in prices has already caused quite a decrease in receipts. The total amount of wheat received yesterday was but a trifle over sixty thousand bushels including flour, viz: 49,548 bus wheat and 2,193 bbls flour. Shipments were 87,759 bus wheat and 627 bbls flour, equivalent to 91,894 bushels. The market was quiet at Wednesday's decline, No. 1 spring selling at 86c on track, and extra at 90a91c. Flour was steady and in better demand. The New York and Buffalo markets appear unsettled, dealers probably holding off for advices from Europe.

A SMALL TRICK EXPOSED!

LOOK TO YOUR TICKETS!

The Janesville *Gazette* publishes the following correspondence between S. H. CARPENTER, the Deputy Superintendent of Public Instruction under Mr. DRAPER (the Democratic nominee) and Mr. CALKINS, of Rock County. The nice little arrangement by which Mr. CARPENTER proposed to *cheat* Republicans out of their votes for Superintendent, to help a "good officer" and aid "a weak church," is eminently characteristic of Sham-Democratic tactics. Let our friends everywhere be on their guard against this and similar fraudulent practices. Look to your Tickets!

Private.

MADISON, Oct. 31, 1859.

W. L. CALKINS—*Dear Brother:*—Can you use the enclosed slips—designed to be pasted on to Republican tickets in place of Mr. Pickard, as they will firmly adhere by wetting.

Besides aiding in the election of a good and conscientious public officer, you will be aiding our weak Baptist Church in Madison, and our cause in the State, by doing what you can consistently for Bro. Draper's election.

Fraternally Yours,
S. H. CARPENTER,
of Madison Bap. Ch.

AFTON, Nov. 2d, 1859.

Mr. S. H. CARPENTER:—Your note of the 31st, above given, has been received. As I know of nothing in our social or personal relations which will justify you in addressing me with such a proposition as that note contains, under the shield of a "private" communication, I take this method to reply. I am a republican, known, wherever I am known, as such, and while I should be personally willing to separate the office of superintendent of public instruction from the party politics of the country, I find my warrant in supporting a party nominee in the example furnished by my political opponents.

Thus much generally; and specifically I desire to know what claims the Baptist church of the city of Madison have upon Republicans for the support of a political candidate; and *what* "cause" Mr. Draper's election will aid—the "cause" of the Baptist denomination, or the "cause" of the Democracy? If the former, I am not aware that that denomination is asking any such aid; or if the latter, can you give me any good reason why I should desert a political friend for the benefit of a political adversary? I think the fact of a dishonorable proposition will "*adhere*" to you, and to Mr. Draper, if you act with his knowledge and approval, more firmly than the gluten ballots on the Republican ticket you desire me to paste over Mr. Pickard's name, at the hazard of perpetrating a fraud upon my neighbors, for which I might be liable in a criminal prosecution.

As a "brother" in the Baptist church, allow me to ask you whether in the kind of effort you are making for your church and your patron, you are not lowering the standard of a personal christian character, as well as prostituting the religious association you sustain, for the benefit of a political aspirant.

Yours candidly,
W. F. CALKINS,
of Afton, Rock Co., Wis.

P. S. In reply to your question can I use the "enclosed slips," I answer emphatically and unequivocally "NO," at least in the manner you propose. W. L. C.

Demented Democrats.

The Milwaukee *News*, which is greatly disgusted because the independent and intelligent electors of this State will not hearken to the "false prophets" of Sham-Democracy, denounces the people of Wisconsin as "lineal descendants of those who would not believe, though one rose from the dead to proclaim to them the truth." And GEORGE B. SMITH invites "the Government" to *hang* all the Republicans of Wisconsin, if they venture "to carry out their principles." We respectfully invite George *Brass* Smith and "the Government" to *try that on.*

LIEUTENANT-GOVERNOR NOBLE.—Mr. B. G. NOBLE, the Republican candidate for Lieut. Governor, was in town yesterday. He has made a spirited and successful canvass, and brings us the best kind of reports from the "Rural Districts." There will be no laggards, or absentees at roll-call on Election Day, among the Republican Farmers. Let our friends in the City resolve to be equally active and *the day is ours!* We have but *three more days* to MAKE READY. Let them be well employed!

THE QUESTION SETTLED.—The dough-face papers have attempted to identify GERRIT SMITH with the Republican party, and for this purpose have insisted that he voted for FREMONT in 1856. But the following note from him to the New York *Tribune* puts the quietus on that falsehood, as well as upon the statement that he is a Republican:

To the Editor of the New York Tribune:

SIR:—You are mistaken in supposing that I voted for Mr. Fremont. I think very highly of him. But I never voted for any person who recognizes a law for slavery, however strong, learned, or upright he may be. GERRIT SMITH.

Peterboro', Oct. 25, '59.

KNOW-NOTHINGS AND DEMOCRATS.—HENRY G. WEBB, who was on the Democratic Electoral ticket in this State, in 1856, and *was proved to be a Know-Nothing*, has been nominated by the Democrats of Waushara County, for Assemblyman.

The Know-Nothing *News* endorses this K. N. nomination. "Birds of a feather flock together."

The Railroad Catastrophe—Coroner's Inquest—Perry H Smith's Behavior—The Scene of the Wreck—Arrival of the Dead at Fond du Lac—Present Condition of the Injured.

Correspondence of the Sentinel.

OSHKOSH, Thursday morning, Nov. 3rd, 1859.

DEAR SENTINEL:—Yesterday forenoon a Coroner's inquest was held at Watertown, over the bodies of M. J. THOMAS, ISIDORE SNOW, JOHN BOARDMAN, JEROME MASON and E. H. SICKLES, then lying dead in their coffins at the C. & N. W. R. R. depot. I was not aware that step was to be taken, when I wrote to you yesterday morning.

The verdict was in accordance with the well-known facts, and pronounced the affair an accident that could not have been foreseen nor guarded against; so the engineer and every one else is cleared from all blame in the matter.

That this was just, all will agree, who understand the case. Indeed I have not heard the first word of censure cast upon any of the officers of the railroad.

PERRY H. SMITH, Vice-President of the Railroad, was on the train, and his conduct during the terrible scene is a subject of praise in every one's mouth. He was perfectly self-possessed, saw how everything must be done, and had it done right. He took command of the whole affair, as composed as if he had studied on it before; immediately appointing men to attend to each different duty that presented itself, such as sending for another engine and general aid from Watertown, bringing water for the wounded, passing brandy among them as soon as it could be obtained, extricating those who were caught in the ruins, guarding the baggage, collecting all articles of value, &c., &c. Moreover, he has worked unceasingly with his own hands, day and night, at anything that could benefit a sufferer. I do not mean to underrate the well-directed efforts of scores of others, but *he* certainly towered above them all.

The people of Watertown turned out *to a man* almost, with victuals, cordials, beds and bedding, for the place where the train was demolished. Mr. PRATT, the new proprietor of the Planter's Hotel, freely gave up his house for a hospital, and has done everything a landlord could do for the unfortunates.

The anxiety manifested in Milwaukee, by the next train from there coming loaded with physicians, editors and reporters, and leading citizens, was very gratifying to all in behalf of the C. & N. W. Railroad, and the sufferers. The railroad company have spared no expense, and its agents, individually, no pains, to make everything as it should be—supplying and paying doctors, paying funeral expenses, passing free, over the road, the friends of the dead and hurt, and many more such like things. In much of this they have had the hearty co-operation of Mr. S. S. MERRILL, Superintendent of the M. W. & B. V. Railroad, who has loaned cars and hands, and his own personal help, wherever there was call for such.

Altogether, it has had the effect to call out so many true generous acts on every side—such a depth of the noblest qualities of humanity, that in thinking of it you almost lose sight of the horror of the tragedy.

Yesterday noon, PERRY H. SMITH went with an engine and car from Watertown to the scene of the dreadful occurrence, taking a few people, myself among them. To look upon the frightful wreck of the cars, and see how they were stove into one another, and completely smashed up, you can not help thinking it a *miracle* that of the 600 people on the train, only twelve have lost their lives!

We returned to Watertown, and left there for the north, on the regular train for Chicago, yesterday afternoon, bringing to Fond du Lac the remains of U. S. Marshal THOMAS, MASON, SNOW, BOARDMAN, and SICKLES; and to this city the body of PETERSALEA.

At Fond du Lac, an immense concourse of people had gathered around the station; it was dark, the church bells were tolling, and the pervading spirit was that of very impressive solemnity. It contrasted fearfully with the *last time before*, that I entered Fond du Lac, at the celebration of the Railroad! *That* was in the night, too; but the whole city shone brightly then, in a perfect brilliancy of illumination, and all was "joy, revel, and applause!"

I know nothing more of the condition of the wounded who are at Watertown, than when I telegraphed to you yesterday at 3 P. M., as we left immediately after. At Fond du Lac, Judge FLINT and Mr. BONESTEEL are the worst of the wounded, and show little or no improvement. Here at Oskosh, Mrs. CARTWRIGHT, who yesterday morning was thought could hardly survive, is now probably out of danger. Mr. E. R. BALDWIN here, who has a compound comminuted fracture of both legs, is in a bad way. I suppose he and SMEAD, at Watertown, with FLINT and BONESTEEL, at Fond du Lac, are the only ones who can be said to be in danger. When a change for the better takes place with any of these four,—or if any of them should be taken away, the *Sentinel* shall be informed of it.

The number of those who have died, is now *twelve*. There are now seriously injured, ten or twelve. Less injured, fifteen to twenty.

This is about the whole story of the *first* railroad disaster of any magnitude, in Wisconsin. May it long be the *last!*

NYM CRINKLE.

SERIOUS ACCIDENT.—The Beaver Dam *Democrat* says that while Mr. NETTER, our acting Postmaster, with his family was out riding the other day, he was thrown from his carriage and severely cut in the forehead. The place of the accident was three miles from the city, on the Columbus road, near Mr. JOSEPH DEYOUNG'S. The difficulty probably arose from driving wild untamed horses. Dr. MELHBORN was soon on the ground attending to the wounded. Mr. NETTER prevented serious injury to his wife and children by pushing them out of the carriage at an opportune moment.

THE CITY.

GET YOUR BALLOTS READY!

Candidates and Committee-men are reminded that they can get their BALLOTS printed at the *Sentinel* Office, at the *shortest* notice, and at the *cheapest* terms. Leave your orders *early*, so as to be sure that your TICKETS will all be ready before Election Morning.

Our REPUBLICAN friends should attend, *at once*, to ordering their BALLOTS.

REPUBLICAN ASSEMBLY NOMINATIONS.—The Republicans of the First and Seventh Wards have nominated JAMES H. PAINE, as their candidate for the Assembly. General PAINE is an old, well-known and much respected citizen of the First Ward. He is a prominent member of the Milwaukee Bar; a gentleman of firm principles and strict probity; and a zealous champion of the Right.—We trust that the Republicans of the District will give him *all their votes.*

In the Fourth Ward, Mr. GIFFORD has magnanimously waived his claim to the Republican nomination and withdrawn in favor of EDWARD D. HOLTON, Esq. The fitness of Mr. HOLTON and the *unfitness* of his opponent, PERRY, for this post, are so palpable to every elector in the Fourth Ward, that no persuasion of ours is necessary to make them vote for EDWARD D. HOLTON.—He ought to be elected by an overwhelming majority.

RICHARD HOUGHTON is the Republican nominee in the Sixth and Ninth Wards. He, too, is an old and estimable citizen, of excellent character and sound sense; who would represent the District faithfully and do credit to our city. He deserves a cordial and united support from the Electors of the Sixth and Ninth Wards.

In each of the Districts where the Republican nominations are complete, *immediate* steps should be taken to appoint CHALLENGERS and RALLYING COMMITTEES, and to procure *a full supply of* BALLOTS. Attend to these matters, friends, *without delay!*

ANOTHER LYNX SHOT NEAR THE CITY.—Mr. ENGELBERT WINZEN, yesterday showed us a large lynx, or wild cat, which he shot a day or two since within five miles of the city limits. The extreme length of its body was about three feet, and when running it was probably capable of stretching full five and a half feet. It was not quite so large as the one killed in the outskirts of the Ninth Ward a few weeks ago, but was nevertheless a fearful looking customer. Mr. WINZEN says it did not appear much alarmed at seeing him; gazed at him apparently quite unconcerned until he got near enough to shoot it. He shot it in the temple, the ball going clear through the animal's head and passing out under its jaw. It is a very rare thing to find the lynx in a thickly populated country, outside of the dense forest or swamp, and we are wholly at loss to account for the appearance of this, and the other one recently killed here, in such close proximity to the city.

NEW FLOURING MILL IN THIS CITY.—Messrs. SUPPLEE & BRANCH have recently fitted up a neat steam flouring mill with two run of stone, near the Milwaukee and Mississippi R. R. depot, in the Fourth Ward. Their milling apparatus differs very materially from the flouring mills commonly used in the western country. It does not take up much room, requires comparatively little power to run it, and works well, the two run of stone making about 100 bbls of nice family flour each day. Their flour is known in the market as "Steam Mills Spring Extra," and the good price and ready sale it commands, though a new brand, are ample evidence of its excellent quality. Mr. SUPPLEE is a miller of much experience, and Mr. BRANCH, his partner, is one of our oldest grain dealers. Success to them.

THE TARGET EXCURSION OF THE MONTGOMERY GUARDS.—The Montgomery Guards, Capt. J. L. DORAN, had a pleasant time, Tuesday, at their target excursion, on the Cold Spring grounds. They were accompanied by a band of music, and made a good appearance. Several visitors from the city were present during the trial, and the prizes were awarded as follows:

Chas. Connorty, 1st prize, a silver cake basket, presented by R. H. Lynch, President of the Company.

James Norton, 2d prize, a silver watch, presented by Capt. J. L. Doran.

Wm. Byrnes, 3d prize, a silver goblet, presented by A. B. Van Cott.

James Johnson, 4th prize, a rifle, presented by Lieut. Nichols.

P. H. McCauley, 5th prize, a pistol, presented by Lieut. Reynolds.

THE HOTEL WETTSTEIN.—It will be seen, from a card in our advertising columns, that in consequence of the very severe accident to Mr. THEODORE WETTSTEIN, a few days since which disables him at present, for all active employment, the Hotel Wettstein is to be temporarily closed. The Bar and Billiard Rooms, however, will be kept open, under the charge of his son THEODORE, a deserved favorite with all frequenters of the House. The large hall and parlors of the Hotel are well adapted for dancing and social parties, and could be leased for such purposes. We are very glad to add that there is a good prospect of Mr. WETTSTEIN'S speedy recovery from the serious injuries received from his fall.

DROWNED.—About 1 o'clock yesterday the body of LEWIS MEYER, a German, some 25 years of age, was found in the river, in the rear of the store of A. B. BLANCAARD. The deceased left the store of Mr. BLANCHARD, where he has been employed as clerk or porter for some time, about 8 o'clock Tuesday evening, since which time nothing was heard of him, until his body was found. Being subject to fits of dizziness, it is supposed that he fell from the dock during one of those attacks. He was unmarried, and is represented by his employer as a temperate and worthy young man.

FOURTH WARD.—It will be seen by the proceedings of the Republican meeting, in the Fourth Ward, last evening, that Mr. GIFFORD has withdrawn from the canvass, leaving the field clear for Mr. HOLTON. This act of Mr. GIFFORD'S called forth, as it deserved, a handsome acknowledgement from the Republicans of the Ward. Now let our friends there *go to work* and give Mr. HOLTON and the whole Republican ticket a rousing majority.

WINES AND LIQUORS.—We would call the attention of our country merchants and city dealers to the stock of liquors kept by JOHN BLACK, on the corner of Huron and Main streets. His supply is not only extensive, but of the best brands. Mr. BLACK occupies a prominent position among our liquor merchants, and purchasers will not do amiss by calling upon him. His supply of wines is unrivalled, and for imported brands and brandies we take pleasure in noticing him as he deserves.

We are indebted to BAMFORD & BALDWIN, at the M. & M. depot, for the latest New York papers.

SIXTH AND NINTH WARDS.

REPUBLICAN RALLY.

The Republican electors of the Sixth and Ninth Wards will hold a mass meeting at Schunk's Saloon, corner of Galena and Ninth Streets, at half-past 7 o'clock, *to-morrow* (Saturday) evening. COME ONE! COME ALL!

BY ORDER OF DISTRICT COM.

Sixth Senate District—Mr. Smith Declines the Nomination.

MILWAUKEE, Nov. 2, '59.

BIGELOW CHASE, Esq., Greenfield, Mil. Co., Wis.:—Dear Sir—I have seen the published account of the proceedings of the Republican Convention of the Sixth Senatorial District, held on the 25th ult., of which you were chairman. Having been nominated by that convention for the office of Senator from the Sixth District, I feel it imperative upon me to lose no time in communicating to you the response which I am about to make. I have to-day returned from a journey to the East, upon which I have been absent for the last fortnight, and the reason explains the delay in making this communication.

I think I fully appreciate the obligation of the citizen to accept and faithfully discharge the duties of any office tendered to him, in ordinary circumstances, even at a considerable personal sacrifice. I am also sincerely grateful to the kind friends whose partiality has led them to consider me worthy of the nomination for so responsible a position. The unsolicited honor is not lightly valued by me, and will not soon be forgotten.

It is therefore with real regret that I am obliged to depart from what seems to me to be the true guiding principle, for the conduct of men in their capacities as citizens of a Republican government, and that is, neither to seek or to decline office. Not only, however, do my private interests forbid me to accept the nomination, (there being so good a prospect for the election of a Republican candidate,) but there are committed to me in professional and various capacities rights and interests of other persons, which demand my whole attention. I am not at liberty to neglect or lay down these trusts, and I cannot fulfill them consistently with that devotion to public interests which should be exacted from a Senator, representing one half of Milwaukee County.

I therefore ask the Republicans of the Sixth District to allow me to resume a private position in their ranks, where hereafter, as heretofore, it will be my pride to labor for the advancement of the principles of the party, and the success of its measures. We are well assured that in promoting these we are best serving the State and our common country.

Yours very truly,
WINFIELD SMITH.

DECLINATION OF MR. GIFFORD—MEETING OF THE REPUBLICANS OF THE FOURTH WARD.—At a meeting of the Republicans of the Fourth Ward, last evening, the following letter of declination was read by Mr. AIKENS, and on his motion was accepted:

MILWAUKEE, Nov. 3d, 1859.

To the Republicans of the Fourth Ward:

Having been unanimously nominated as your candidate for the Assembly, on the 22d ult., at a caucus numerously attended, and entertaining the assurance that I would be supported by the undivided strength of the undivided strength of the Republican Party, I accepted the nomination. Recent events have convinced me that, in consequence of an Independent Candidate having been induced to enter the field, our Republican forces will be divided, on the day of election, which may ensure the success of the Democratic nominee. In view of this state of political affairs in our Ward, and believing it to be the duty of every Republican to make personal sacrifices for the benefit of the party, I am compelled to decline the nomination; and cheerfully retire from the canvass in favor of E. D. HOLTON.

Thanking my many friends for their kindness and faithful support, and trusting that all will act harmoniously for the good of the Republican cause,

I remain faithfully yours,
GEO. P. GIFFORD.

The following resolution was introduced by EDWIN HYDE, and on motion was unanimously adopted:

Resolved, That the thanks of the Republicans of the Fourth Ward are due, and respectfully tendered to Geo. P. GIFFORD, Esq., for his magnanimous conduct in thus sacrificing personal feeling for the good of the party and the interests of the Ward, and beg him to accept our assurances of confidence and respect.

J. A. SWAIN, Chairman.
E. E. BOWNS, Secretary.

A TRAVELER EXPRESSES AN OPINION OF TRAVELING.—*Mr. Editor:*—Having just returned from a visit to my native hills of Connecticut, I want to say to you and those who would travel East to the State or city of New York and New England, that in my opinion there is not a more pleasant route thence than by the Milwaukee & Detroit steamers and Railroad and the Lake Huron & Buffalo R. R. from Paris on the Great Western R. R., Canada, to Buffalo. The steamers will certainly command the admiration of any one who would take a trip in them; and the cars and conductors will not fail to please and satisfy. And especially is this true of the Lake Huron & Buffalo R. R. Never have I traveled on a Road that seems to be more perfectly finished than this. In the whole distance (84 miles,) there is scarcely an up or down grade or a curve. This is strictly true of a distance of 16 miles in one part of the Road; there is not a grade nor a curve. Another improvement is that of being covered with cobble stone, thus preventing the annoyance of dust. The conductors are gentlemanly in their deportment and attentive to the wants of passengers. In fine, I can cheerfully commend this route to those who may desire to travel to the East, and, if improved, I believe they will be fully satisfied.

LECTURE OF JOHN P. HALE.—The lecture of Hon. JOHN P. HALE, last evening, was listened to by a very large audience. The subject—*The Last Gladiatorial Exhibition at Rome*—was presented in a narrative style, and was a beautiful and effective rendering of the story of Telemachus and Honorius, with a brief pertinent application to the present times. We forbear presenting any report of the lecture, at the desire of the lecturer.

SIXTH AND NINTH WARDS.—At a meeting of the Republicans of the 6th and 9th Wards, at Shunk's Saloon, on the evening of October 31st, 1859—GEO. WACHTER, acting as Chairman, and L. COMSTOCK, as Secretary, RICHARD HOUGHTON was nominated, as the Republican Candidate for Assemblyman, for the 6th and 9th Ward Assembly District. L. COMSTOCK, Sec'y.

THE BIDDLE HOUSE, Detroit—O. B. DIBBLE & SON, proprietors—is a first class hotel, and we take pleasure in calling the attention of our travelling public to it.

NOTICE.—There will be a regular monthly meeting of the members of Milwaukee Engine Co. No. 1, this evenning at 8 P. M. By order of P. VAN VECHTEN, Jr., Foreman.

THE GRAND TRUNK RAILWAY of CANADA

PUBLIC NOTICE.—The extension of the above Railway to Sarnia, and the completion of the New Line between Port Huron and Detroit, on the 1st of November next, will form a continuous Road under one Management from Detroit, (Michigan), to Toronto, Kingston, Montreal, Quebec and Portland, (Maine), thus establishing a new First Class Route between the Western and New England States.

The connection formed at Detroit with the Michigan Central and Michigan Southern and Northern Indiana Railroads, will enable Freight to be sent through from St. Louis, Cincinnati, Chicago, Milwaukee, St. Paul and all points on the Mississippi River, with greater dispatch than by any other route, as the completion of the Great Victoria Bridge at Montreal, before the close of Navigation, will prevent any interruption to the traffic. *Only one transhipment between Portland and Chicago, Cairo, or St. Louis.*

At Portland the Grand Trunk connects with the Railroads leading into Boston, also with a First Class Line of Powerful Steamboats which leave Portland and Boston every night.

The Magnificent Vessels forming the Line of the Montreal Ocean Steamship Company, run between Quebec and Liverpool in Summer, and between Portland and Liverpool during Winter, waiting the arrival of the Connecting Trains of the Grand Trunk Railway. Passengers and Freight booked through and put on board free of expense.

At Sarnia (opposite Port Huron), the Company have built extensive Freight Warehouses, and on and after the 15th instant, will be prepared to receive Flour and other Rolling Freight intended to go Eastward by Railway, and store the same, for a reasonable time, Free of Charge.

An Elevator of large capacity is in course of erection at Sarnia, and will shortly be ready for receiving grain.

TELEGRAPH!

REPORTED BY THE N. Y. ASSOCIATED PRESS FOR THE DAILY SENTINEL.

Speech of Tom. Corwin.

NEW YORK, Nov. 3—8 P. M.

Hon. Tom Corwin, member of Congress elect of Ohio, delivered a long address to an audience of about 2,000 persons at Musical Hall, Brooklyn, embodying his views of the doctrine of the Republican party.

He argued that the irrepressible conflict between free and slave labor originated with the South Carolina nullification, counseled obedience to all law, including the Fugitive Slave Law, and defended Webster, Clay and Fillmore, from the charge of being favorable to slavery because they recognized and acted on their duty as sworn officers of the Government.

He is opposed to the doctrine of squatter sovereignty, and repudiates the extravagant sentiments promulgated by Wendell Phillips with reference to Old Brown and Harper's Ferry. Popular sovereignty, in exercising its powers in Kansas, had resulted in four years of civil war, out of which came that spectre of insanity and treason, John Brown.

Maryland Election.

BALTIMORE, Nov. 3—3 P. M.

Returns from the State are very meagre; but those received seem rather to favor the democrats. The reformers have a small maj. in the 12th Ward.

The Sixth Congressional District in Arundel county, gives George W. Hughes, dem., for Congress 119 maj. A democratic gain of 19 votes.

In Fifth district, Frederick county gives H. W. Hoffman, American, for Congress, about 300 maj. A loss of 432 votes.

Mail Service to Liverpool.

WASHINGTON, Nov. 3—3 P. M.

The Postmaster General has concluded an arrangement with the Canadian P. O. Department, by which the mails are to be transported for sea postage weekly, between Detroit and Liverpool, via Portland, in winter, and via the St. Lawrence in the summer, commencing on the 26th inst.

Rail Road Accident.

ALBANY, Nov. 3—3 P. M.

A freight train consisting of 41 cars on the New York Central R. R., ran off the track at midnight near this city. The locomotive and 8 cars were smashed. There were no lives lost.

The Baltimore Election Riot.

BALTIMORE, Nov. 3—3 P. M.

The coroner held an inquest to-day on the body of Sonny White, a rowdy, who was shot yesterday in the 14th Ward. A verdict was rendered attributing the killing to an accident—the wound having been inflicted by a stray shot. An inquest is now in progress on the body of Mr. A. B. Kyle, who died last evening from injuries received.

LATEST NEWS!

BY LAST NIGHT'S REPORT

Another Conflagration in New Orleans.

SEVEN SQUARES CONSUMED!!

NEW ORLEANS, Oct. 3—9 P. M.

Seven squares from Washington to Ninth street, Fourth District, were burned this evening; thickly built with small buildings.—Another square on fire; firemen are powerless for want of water.

New York Matters.

NEW YORK, Nov. 3—9 P. M.

Information has been received at the Marshal's office that the brig S. H. Hope, lying at Pier No. 4 East River, had been engaged on a slave voyage, from which she had just returned. The Marshal and two of his deputies proceeded to the vessel and took possession. It is stated that she was fitted out at Charleston, S. C., and went to Havana, thence to Cienfuegos and the coast of Africa, where she took in a cargo of negroes and landed on the south side of Cuba. After landing the blacks, the mate took the vessel into Campeachy and there obtained fraudulent papers, and sailed for New York, where he was dispossessed by a power of attorney and sent from Charleston by the owners.

When she was first fitted out she was a schooner, but the mate had her altered to a brigantine and brought her as such to this port. Her name is in very small letters and she has been totally divested of her fixtures as a slaver.

Captain Payne, of the J. P. Hooper, took passage on board a bark for New York, but died on the voyage; his remains were kept and buried at Staten Island.

Deputy Marshal Miller is now in possession of the slaver; the mate is anxiously looked for, and it is probable the brigantine will be sold for the benefit of the U. S. Government.

The Ocean Queen which leaves for Southampton and Havre on Saturday, will take about $800,000 in specie; most of this is probably to cover previous transactions.

The winter schedule of fares for westward bound passengers was to-day adopted by four trunk lines.

Maryland Election.

BALTIMORE, Nov. 3—9 P. M.

Returns from Cecil and Howard Counties show a Democratic gain of 6 members of the Legislature, four Representatives, and 2 Senators.

Returns indicate that Democrats will have a majority in the House; Senate in doubt.—Returns from the city Wards are not yet complete. The Americans will have about 17,000, majority, which, of course, secures their State ticket by a heavy majority. So far there appears to be a change in the Congressional delegation.

The inquest on Mr. Kyle is not yet concluded.

Cotton Mills Burned—Loss $130,000.

CONCORD, N. H., Nov. 3—9 P. M.

The Pembroke Cotton Mills at Suncook village were destroyed by fire this morning, with a dwelling, packer and counting rooms on the opposite side of the river. The loss is $130,000, on which $90,000 is insured. The mills were owned principally by Weld and Minot, Thos. Howe, W. Roberts and M. Pope, all of Boston. Nearly 250 operators are thrown out of employment by this calamity.

Emigrants Murdered by the Indians.

ST. LOUIS, Nov. 3—9 P. M.

The Westport correspondent of the Republican, says: Four Santa Fe mails are now due at Independence, and serious apprehensions are felt for the safety both of outgoing and incoming parties. The same correspondent states on authority of the mail carrier between Council Grove and Fort Riley, that 19 returning Pike's Peakers have been murdered on the Plains, by the Indians since the killing of Kiowas chief at the former place, about two months ago.

Georgia Legislature.

MILLEDGEVILLE, Ga., Nov. 3—9 P. M.

The Legislature met here yesterday, and both branches were organized by the election of Legrand Guerry as President of the Senate, and Isaiah Irvin speaker of the House. The Governor communicated a lengthy message, solely confined to State business. No reference was made to national politics.

Arrival of the America.

SACKVILLE, Nov. 3—9 P. M.

The steamship America arrived at Halifax this P. M. with Liverpool dates to 22d; three day later than previously received. Her advices cannot reach here until to-morrow morning by horse express.

WASHINGTON, Nov. 3—9 P. M.

A letter has been received here, stating that Gen. Trias, for many years Governor of Chihuahua, is shortly expected to arrive at El Paso, to consult with Judge Hart with reference to the construction of a Railroad through Chihuahua, under a grant to Messrs. Hartroe and others, by the legislature of that State last year.

Lieut. Mowry is reported as dangerously ill at El Paso.

LEAVENWORTH, Nov. 3—9 P. M.

Governor Medary has issued a proclamation declaring Wyandotte Constitution adopted. Also designating the 24th as Thanksgiving.

PITTSBURG, PA., Nov. 3—9 P. M.

The brick building attached to St. Paul's Cathedral, occupied by Bishop O'Conner, was partially destroyed by fire this morning. Loss about $2,000, it was fully insured.

Matters at Washington.

Special Dispatch to the Cincinnati Gazette.

WASHINGTON, Nov. 1.

Judge Black has not done with Douglas yet, but is preparing a rejoinder to him which will score the Little Giant severely. It is about time that this political duel has come to an end.

McLane goes to Mexico immediately. He has now little hope of doing anything.

The war in the Administration ranks in Philadelphia continues to rage. The President, it is said, has absolutely displaced men from office for no other reason than their failure to carry the respective Wards or Districts for the party last October.

The indications are that the time for holding the National Democratic Convention will be fixed at the middle of April.

Members of Congress are beginning to come on, and the organization of the House is a prominent topic of conversation. The Administration men will make a determined effort to prevent the junction of the Northern and Southern Opposition men, by dexterously using the Harper's Ferry affair to frighten the Southerners out of their propriety. The device will not succeed, as the Republicans have so nearly a majority that it will not be difficult to pick up floating votes enough to carry their nominee through.

Wendell is working like a beaver for the public printing, and has gone on a pilgrimage to Albany to help him out; but I think his chance is hopeless.

The Tehuantepec route is in a bad way.—Senator Benjamin, one of its strongest friends having returned empty handed from a trip to Europe in pursuit of funds.

A large number of Railroad Presidents are here, combining plans for a thorough connection of the great mail between Portland and New Orleans, this being the last day for receiving bids under the Post office Department's advertisement.

THE GLOVER CASES.—The cases of Arnold vs. Booth, and Ableman vs. Booth, were argued in the Supreme Court this morning, by Messrs. Arnold and Emmons of Milwaukee. The recent decision of the Supreme Court of the United States, affirming the constitutionality of the Fugitive Slave act, is urged as a reason why the State Court should recede from its former decision declaring that act unconstitutional.

The cases on the part of Booth were submitted on printed briefs and arguments.—Judge Paine does not sit in these cases, having formerly acted as counsel in them.—*Mad. Journal.*

DEATH OF DANIEL CADY.—This able jurist died at Johnstown, Fulton County, yesterday. He was about 83 years of age. His funeral will take place at Johnstown on Thursday next, at 10 o'clock, A. M.

For years Daniel Cady has occupied a prominent position in the legal profession.—As a sound lawyer he had not his superior in the State; while as an ejectment lawyer he was undoubtedly the best man at the Bar.—*Albany Statesman, Nov. 1.*

NATURALIZATION.—During the past month naturalization papers have been issued to 409 persons in this city. Of this number 146 applicants paid the charges themselves, and the remainder, 263, received their papers on orders issued by gentlemen connected with the different political parties.—*Albany Statesman.*

GOT SCORCHED.—One of the freight cars on the La Crosse Road for this place, last Saturday, came very near being destroyed by fire. The car was loaded with merchandize. The damage to the goods will amount probably to $100.—*Fox Lake Gazette.*

SEND IN THE RETURNS!

Our friends throughout the State will greatly oblige us, if they will send us the returns of their respective Election Districts, by the *first* conveyance, (telegraph, mail, or private hand,) available after the polls close.

A Villainous Fabrication.

The Chicago *Times*, a violent DOUGLAS organ, improving upon the hint of the *News*, devotes a column to a most vituperative attack upon Governor RANDALL. The article abounds in palpable falsehoods and disgraceful personalities; of which the following paragraph will serve as a sample:

> "We know that by some of his official acts Gov. RANDALL has done much towards securing the permanent good-will of the city of Chicago. When he has been here during the last year, and especially during the last six months, he has cultivated an acquaintance with some of the leading commercial men of this city, and has professed to be entirely in favor of Chicago over Milwaukee; by which professions, we suppose, he hoped to—as it is said—obtain pecuniary and other aid from these very men, in his political projects and operations."

This is as wanton a lie, as deliberate a calumny, as ever was manufactured by a reckless partizan to subserve a desperate political purpose. Gov. RANDALL brands it as an infamous fabrication from beginning to end. There is not a semblance of truth in the whole story, nor can there be the slightest apology for the grave crime of manufacturing and uttering such base coin, with intent to deceive the People. No party can prosper, no cause can thrive, which can only be helped by such villainous devices.

Geo. B. Smith and "Ossawatomie Brown."

Mr. GEORGE B. SMITH, of Madison, addressed some four or five hundred people at Albany Hall, on Wednesday evening, upon the issues of the campaign. The *News* of yesterday gives a very meagre synopsis of his remarks, from which we extract the following choice sentiment:

> "Old Ossawatomie Brown was pointed at as a striking illustration of the dangerous tendency of this slavery agitation; and he very truly said: 'Whenever the republicans undertake to carry out their principles, *the government will hang them as they are about to hang old Brown*.'"

None can doubt, after reading the above, that the speaker well deserves the *soubriquet* of GEORGE BRASS SMITH, given to him by the Madison *Patriot*, the central Democratic organ. It required no ordinary amount of *brass*, to insult an intelligent audience with such a remark. "The Republicans" constitute the large majority of the people of the Free States. We should admire to see "the Government," backed by the redoubtable GEORGE BRASS SMITH, undertake to "*hang them*," for "carrying out their principles!" Such "Border Ruffian" talk is quite worthy of GEORGE B. and his desperate cause.

Evidently the *News* despairs of any good effect from that style of harangue, for it says:

> What effect such speeches—or indeed any speeches—produce, we are unable to say, because we recollect that there once were a people on earth, and the people of Wisconsin are probably their lineal descendants, who it was said would not believe the truth though one should rise from the dead and proclaim it to them.

The people of Wisconsin are no doubt "lineal descendants" of those men who refused to believe in "lying prophets;" to which tribe GEORGE B. SMITH indubitably belongs. We agree with the *News* that speeches like his may be safely credited with "*nulla bona*."

Mr. L. P. Harvey.

The *News* repeats the oft-refuted charge that Mr. L. P. HARVEY, the Republican candidate for Secretary of State, was a Know-Nothing. The *News* professes to do this on the authority of "a gentleman," whose name it is careful not to mention, but whom it pronounces "as worthy of credence" as Mr. HARVEY himself. *That* the public can readily determine when they know the name of the *News'* K. N. informant. With Mr. HARVEY the public are well acquainted, and in his veracity they place undoubted confidence. Now who is his accuser? Let the *News*, if it *dare*, give us his name. Mr. HARVEY publicly brands his statement as *false*. Who is the falsifier? Name! Name!

THE SENATORIAL CONTEST IN THIS COUNTY.—The *News*, which between TAYLOR and EGAN has been like the ass between two bundles of hay, has finally turned away from the other and gone over to the latter. It also publishes the following queries addressed to Mr. TAYLOR:

> JONATHAN TAYLOR, Esq.—*Dear Sir:*—Will you please state your position, to the voters of the Sixth Senatorial District, on the following questions, viz:
>
> Are you in favor of dividing the county?
>
> Are you in favor of dividing the 3rd Ward?
>
> We wish to know your answers to the above questions on which will depend our votes.
>
> MANY CITIZENS OF THE DISTRICT.

A SOUND PLATFORM.—Hon. J. C. TEN EYCK, the newly elected Senator from New Jersey, stated, in a recent speech at New Brunswick, that the objects of the Opposition in that State are as follows:

1st. To bring about honesty and economy in our State and National expenditures.
2d. To stand by the compromises of the Constitution.
3d. To stay the spread of Slavery over Territory now free.
4th. To protect the elective franchise in its purity.
5th. To protect American labor.

That is a good enough platform for the whole country.

GOLD FOIL, HAMMERED FROM POPULAR PROVERBS. By TIMOTHY TITCOMB. New York, Charles Scribner.—Milwaukee, Terry & Cleaver.

The author of these essays has won an enviable distinction already, as an original thinker and a charming writer. His clear perceptions of minor duties and his plain and pointed exhortations to their observance; his noble championship of truth against popular error, and his fervid and at times poetic recognition of the beautiful in Nature, have won him many admirers.

The little book before us is a series of twenty-eight short essays, or sermons, as the title indicates, "hammered from popular proverbs." In reading it we are impressed with the honesty of the author, who is less an author than a teacher. His own convictions of right are clear and strong, and his advocacy of principles based on eternal truth, is at once simple and perspicuous in style, and forcible and convincing in logic. TIMOTHY TITCOMB is peculiarly a popular essayist. There is much of the homely power in his periods, that we used to admire in Humphrey Clinker, and a great deal more of the coloring and drapery of a cultivated and yet a restrained imagination. There is no wandering off into starry regions of theory and metaphysics. He speaks to the heart rather than the mind, and scarcely ever fails to reach the conscience. Creeds and doctrines and conventional labyrinths of learned disquisition, are disregarded, and the attention of the reader directed to truths blazing from eternity, beyond the fog and miasma of earthly polemics. He is popular, because all he says is of humanity, in its various phases, and is said so that humanity may understand it, and make a practical use of it.

He is popular, because while he talks of old obligations, he talks of them in a new manner, and is content to leave the hackneyed exordiums of modern teachers to the Sunday Schools and country pulpits, where stereotyped phrases are expected to fall the year round like very unrefreshing dew.—There are many passages in "Gold Foil" which, for intrinsic beauty, might be strung together and worn as a string of pearls in the memory of the literary jewel hunter. And there are, it is true, a few passages where an over-attempt at quaintness has left the trace of vulgarity, but they are few. There is in the following excerpts a terseness and aphoristic beauty that is not unlike the beat of a hammer, and the gold spreads out beneath in a pure and glittering state:

> If there be one attribute of the Diety which astonishes me more than another, it is the attribute of patience. The Great Soul that sits on the throne of the universe is not, never was, nor never will be in a hurry. In the realm of nature everything has been wrought out in the august consciousness of infinite leisure.
>
> Man has but a brief history. A line of nineteen old men, centenarians, would, if they were to join hands, clasp the hand of Christ, and the sixtieth of such a line would tell us his name is Adam. Yet this wonderful earth, unquestionably constructed with reference to the accomodation of our race, was begun so long ago, that none but fools undertake to reckon its age by measurement of years. Ah! what baths of fire and floods of water; what earth quakes, eruptions, upheavals, and storms; what rise and fall of vegetable and animal dispensations; what melting and moulding and combining of elements have been patiently gone through with, to fit up this dwelling place of man.
>
> God was in no hurry to get the world ready for man, and in no haste to make him.—There was coal to lay up in exhaustless storehouses. There were continents to be upheaved, seas to chain, rivers, channels to carve. There was an infinite variety of germs to be invented and made in Heaven; a soil to be prepared for their reception, and a broadcast sowing to be effected. What infinite detail!
>
> Well, when the process was at last completed; when the marvellous, beautiful but diminutive form of ADAM walked out of GOD's thought into the morning sunlight of Eden. When the impalpable forms of angels were thick around him in an atmosphere uneasy with its burden of vitality, how did the Creator regard him?—the object of all this patient working and waiting. It was what we should call "a great success." It was "very popular" with the observing host. The morning stars sang together and all the sons of GOD shouted for joy; but GOD did not even say that it was "very good." He only "saw" that it was so. No ruffle of exultation swept over the bosom of that sublime patience—for even then he had only made a beginning.
>
> * * * *
>
> But this Divine element enters more or less into human character, and it is with this that we have especially to do. There is no well-doing—no God-like doing—that is not patient doing. There is no great achievement that is not the result of patient working and waiting. There is no royal road to anything. One thing at a time—all things in succession. That which grows fast withers as rapidly; that which grows slowly endures. The silver-leafed poplar grows in one decade and dies in the next; the oak takes its century to grow in, and lives and dies at leisure. This law runs through all vegetation, through all creation and through all human achievement. A fortune won in a day is lost in a day; a fortune won slowly, and slowly compacted, seems to acquire from the hand that won it the property of endurance. We all see this, we all acknowledge it, yet we are all in a hurry. We are in haste for position; we are in haste for wealth; we are in haste for everything that is desirable and that shapes itself into an object of life. In that worthiest of all struggles—the struggle for self-mastery and goodness—we are far less patient with ourselves than GOD is with us. We forget, too, in our impatience with others—with their weakness and wrong doing—that there is One who sees this weakness and wickedness as we never can see it, yet is unruffled by it. "Work and wait, work and wait!" is what GOD says to us in creation and Providence. We work, and that is God-like; we get impatient, and then crops out our human weakness.
>
> * * * *
>
> Who is there cannot recognize the all prevalent sigh of humanity in this subjoined passage? We hear the knell of mortality and see the impassible gulf most plainly.
>
> The body is to die, so much is certain.—What lies beyond? No one who passes the charmed boundary comes back to tell. The imagination visits the realm of shadows, sent out from some window of the soul over life's restless waters—but wings its way wearily back with no olive-leaf in its beak as a token of emerging life beyond the closely bending horizon. The great sun comes and goes in heaven, yet breathes no secret of the etherial wilderness. The crescent moon cleaves her nightly passage across the upper deep, but tosses overboard no message, and displays no signals. The sentinel stars challenge each other as they walk their nightly rounds, but we catch no syllable of the countersign which gives passage to the heavenly camp. Shut in! Shut in! Between this life and the other life there is a great gulf fixed, across which neither eye nor foot can travel. The gentle friend, whose eyes we closed in their last sleep, long years ago, died with rapture in her wonder stricken eyes, a smile of ineffable joy upon her lips, and hands folded over a triumphant heart; but her lips were past speech and intimated nothing of the vision that enthralled her.

There are many other passages of poetic beauty and condensed wisdom which we would like to extract but have not the room. "Gold Foil" will keep, and we promise, will not tarnish with use.

WOMEN ARTISTS IN ALL AGES AND COUNTRIES, BY MRS. ELLET. New York, Harper and Brothers; Milwaukee, Tunis & Co., Wisconsin street.

This is the first and only book of the kind, except a little volume issued in Berlin, by ERNEST GHUL, entitled "Die Fraunindie Kunstgeschichte," which assumes to do any justice to the female artists of the world. We find no very elaborate critiques in Mrs. ELLET's work, it is simply an effort to show what woman has done with the pencil in all ages; and we recognize also the effort to inspire courage and resolution in those who by nature are artists, and welcome it as much for the influence it will exert, as for the historical and artistic information it contains.

THE ADVENTURES OF VERDANT GREEN, BY CUTHBERT BEDE, B. A. with three hundred engravings. New York: Rudd & Carleton, Milwaukee: Terry & Cleaver.

CUTHBERT BEDE may enjoy the reputation in England, of a humorist, fit to rank with POOLE or HOOD, but we fancy will never attain to any such distinction in America.—"Nerdant Green" is an *amusing* book, principally so on account of the profusion of very poor wood-cuts. We fail to see anything particularly brilliant or "sagacious" in it, but feel the mollifying influence of a smile on our face while we read. Perhaps those who can appreciate the "silly," the "outrageous" the "illustrated" will enjoy this book highly.

TO DO GOOD to our enemies is to resemble the incense whose aroma perfumes the fire by which it is consumed.

A Good Report from Ozaukee.

Correspondence of the Sentinel.

PORT WASHINGTON, Oct. 31, '59.

Mr. Editor:—On Saturday last, in the afternoon, was held a large public meeting of Republicans, at Waubeka village, in Fredonia. Two speeches were made in German, and one in English.

JOHN DESMOND, a warm-hearted Irishman, and our candidate for Senator, not being able to be present, sent a letter, a copy of which is herewith sent you. It was greeted with many cheers, especially by his countrymen, many of whom were present.

Mr. SMITH, one of the German speakers, brought out the hurrahs by a sort of parable which in brief ran about thus: "My friends—I lived in Ohio twenty-eight years. You have never seen any such letters about me as you read about Mr. SILVERMAN! You see what every one writes about him! And maybe it is true. I don't know; some Democrats say—'Oh, Mr. SILVERMAN is a very bad man. We won't vote for him; but Mr. HOBART, he is a very fine man.' Well, I don't know, but I'll tell you; in Ohio, if a wolf wanted to catch sheep, he always took a wolf along with him; and I hear it is so in Wisconsin. Well, I don't say that Mr. HOBART is a wolf, oh no, but what does he take Mr. SILVERMAN with him for?" The above was spoken in German, and was received with loud applause.

Mr. SCHOLL also spoke in German. Mr. FOSTER in English. The meeting closed with a unanimous resolve to support the whole Republican ticket.

If the Republicans have worked as well in other parts of the State as they have here, our majority in the State will not be less than 20,000.

Yours, truly, H.

LETTER OF MR. DESMOND.

PORT WASHINGTON, Oct. 29, 1859.

Fellow Citizens of Fredonia:—I had intended to meet you to-day at Waubeka, but having heard that the South part of the County expected to see me to-day, I have concluded to go there and send you a line by G. W. FOSTER, Esq.

You all know that there are now but two political parties in the United States; one by its acts endeavoring to spread Slavery, the other Freedom. To one or the other of these parties every American citizen, whether native or foreign born, should belong.

As I came from a land long trodden under foot by oppression, that has long felt the galling chain of servitude, I could not unite with a party that sought to extend Slavery. I therefore am a Republican. I shall always battle against Slavery where I legally can, whether sustained by the English Government or the American, so long as I remember Ireland, my native land.

The Republicans have been accused of being Know-Nothings. It may be true that there are some of that order acting with the Republican party, as there will be some grains of chess among the cleanest wheat.

But I know where Democracy reigns without dispute, there Know Nothings hold undisputed sway. I instance South Carolina, not a Republican in the State. Yet in that Democratic State, DANIEL O'CONNEL, the greatest of my countrymen, if he were living, could not vote until he should have lived there seven years, nor hold office until he had lived there ten years. It may be I am mistaken as to the number of the probationary years, but I have correctly stated the principle.

I know that it is customary to cite Massachusetts, a Republican State, as a set-off to South Carolina. It is true that the former State has recently adopted a constitution that requires a residence of two years of naturalized citizens before they can vote. For this the Democrats are responsible as well as the Republicans. The Boston *Pilot* says, "*the Democrats could have prevented the adoption of that constitution if they would.*" I know the greatest and best men of the Republican party of Massachusetts did what they could to prevent the adoption of that constitution. It would be singular if the leaders of a party voted against it. I do not know that any leading Democrats of Massachusetts worked against the adoption of that constitution.

I am a candidate for the office of Senator of this county; I would be glad of the votes of my fellow citizens. I am fully satisfied with the policy of the Republican party, and if elected will do all I can to carry that policy out.

As to financial management of the State, that party cannot be far out of the way that pays the debts of the State, and at the same time reduces the taxes. So the Republican party has done.

With respect, your fellow citizen,
J. DESMOND.

A HANDSOME COMPLIMENT WORTHILY BESTOWED.—The St. Anthony Evening *News*, in acknowledging the good service rendered the Republican cause during the recent campaign in Minnesota, by our gallant townsman, CARL SCHURZ, pays a worthy tribute to the talent and eloquence of that indomitable champion of Freedom:

> Victory after victory for Freedom has sprung up, like welcome surprises, all along the path of the gallant German through our State, strengthening the arms of the friends of Free Homes and Human Rights, and utterly confounding the sanguine cohorts of Oppression. This city, on which the Demagogues of Slavery relied with confidence, and which was believed by us all to be exceeding close, gave us from 105 to 300 majority for the Republican ticket, the grand result being owing in a great degree to the debate between Mr. Schurz and Mr. Rothe, just preceding election, and the winning of Germans, on that occasion to the banner of Free Labor. The eminent orator won the admiration of Americans as well as of his own countrymen, on his tour through the State, and excited the universal hope, among all who have the welfare of the country sincerely at heart, that the good State of his adoption may take early occasion to honor him as he deserves. He is not ambitious of place, but this ill-managed, demagogue-ridden Republic sadly needs his services as a patriot and statesman.

A FREIGHT TRAIN RUNNING AWAY.—The Detroit *Advertiser* tells of a singular, but luckily harmless accident that recently occurred on the Great Western Railway. The coupling between two cars broke near the engine as the train was ascending a heavy grade, thus separating twenty-two heavily laden cars from the small remnant of the train. The accident occurred between Dundas and Capetown, and the cars immediately began to run down the long grade in the direction of Hamilton. There was no brakesman on the disconnected segment of the train so that it sped along without hindrance in obedience to the law of gravitation. By the time it reached Hamilton it was thundering along at a pace that fairly made the iron rails smoke, and thus continued its course, until an ascending grade between Hamilton and St. Catherines brought it to a stand.—The Engineer discovering the mishap chased the fugitive cars the whole distance, crowding on steam to keep up, sounding his whistle to all stray wanderers of the night to clear the track.

LADY FRANKLIN.—It is a well-known fact that Lady FRANKLIN has expended nearly every shilling she possessed, to the amount of £30,000, in her endeavors to ascertain her husband's fate, and that she appears destined to spend the remainder of her life in penury. It has been suggested that the women of England and America, who appreciate the unwavering heroism and constancy which have marked her search for records of her husband's fate, should unite in a subscription to raise a fund for her future support.

CANADA.—After the recent sudden death by drowning of the son of Sir EDMUND HEAD, Governor Gentral of Canada, that gentleman wrote to England, tendering his resignation and soliciting his recall. His request has been complied with and he will very shortly return home.

The Montreal *Pilot* learns that the Prince of Wales, accompanied by the Colonial Secretary and other distinguished persons, will visit Canada in the end of May or the beginning of June next. The formal opening of the Victoria bridge will then take place.

Gov. Chase and the Forbes Letter—An Authoritative Statement.

The Columbus *Journal* has the following explicit article in regard to the alleged knowledge of Gov. CHASE as to the plans of BROWN. It gives the miserable slander an effectual quietus:

THE DEMOCRATIC CONSPIRACY AGAINST GOVERNOR CHASE.

"Please show to Messrs. Sanborn, Lawrence, etc. Copies will be sent to Governor Chase, who found money, and to Governor Fletcher, who contributed arms, and to others interested, as quickly as possible."

The New York *Herald* publishes this memorandum, and says that it prefaces a letter addressed by Hugh Forbes, who was with John Brown in Kansas and on the border in 1857, to Dr. S. G. Howe, of Boston, dated May 14, 1858. In this letter Forbes gave an account of his own schemes for running off negroes, and of Brown's plan for stirring up insurrection.

The pro-Slavery press, eager to implicate Republican leaders in the insurrectionary movement of Old Brown, have seized on the memorandum said to be indorsed on this letter as evidence that Gov. Chase was apprised of Brown's designs by receipt of the copy sent him, and that he furnished money for the attempt.

It seems superfluous to contradict imputations like those. No man who knows Gov. Chase will give the slightest credit to them. To take away, however, all excuse for repeating them, it may be worth while to say that there is not the slightest foundation for either imputation. No copy of the letter published in the Herald was ever sent to Governor Chase; at least no copy of any such letter was ever received by him. He received no intimation from any source or at any time of any purpose on the part of Forbes to run off negroes, or on the part of Brown to excite insurrection among the slaves. As to his finding money, it is enough to say that in 1855–6, while the contest for freedom in Kansas against the attempts to force slavery into that territory was undecided, Gov. Chase, in common with his fellow citizens in this and other States, contributed according to his ability in aid of the Free State cause. For no other purpose with which old Brown was connected was any money ever "found" or furnished by him.

We make these statements upon the authority of the Governor himself, and trust that the New York Herald, and other papers which have given currency to the imputations, will give equal prominence to this contradiction of them.

Republicanism of Jefferson.

The following letters from Mr. Jefferson, written before and during his Presidential term, read very much as though they were intended for the present times. They are prophetic:

WASHINGTON, Dec. 4, 1800.

DEAR SIR: * * * Though our information of the votes of the several States be not official, yet they are stated on such evidence as to satisfy both parties that the *Republican vote* has been successful. The Constitution, to which we are all attached, was meant to be *Republican, according to every candid interpretation*. Yet, we have seen it so interpreted and administered as to be truly what the French called it, a *monarchie masque*. Yet, so long has the vine run on in this way, and been trimmed to it, that to put her on her *Republican* track will require all the skill, the firmness, and the zeal, of her ablest and best friends. It is a crisis which calls on them to sacrifice all other objects, and to repair to her aid in this momentous operation. Not only their skill is wanting, but their names also. It is essential to assemble, in the outset, persons to compose our Administration, whose talents, integrity, and revolutionary name and principles, may inspire the nation at once with unbounded confidence, *and impose an awful silence on the maligners of Republicanism*; as may suppress in embryo the purpose avowed by one of their most daring and effective chiefs, of beating down the Administration. * * *This is a common cause, my dear sir, to all Republicans.* * * Come forward, then, my dear sir, and give us the aid of your talents and the weight of your character towards *the new establishment of Republicanism*; I say for its new establishment; for hitherto we have seen only its *travestie*.

THOMAS JEFFERSON.

To Robert R. Livingston.

WASHINGTON, Oct. 3, 1806.

DEAR SIR: * * * The state of political opinion continues to return steadily toward *Republicanism*. To judge from opposition papers, a stranger would suppose that a considerable check to it had been produced by certain removals of public officers. But this is not the case. The injustice of having totally excluded *Republicans* was acknowledged by every man. To have removed one-half, and to have placed Republicans in their stead, would have been righteously just, when it was known that these composed a very great majority of the nation. * * *

THOMAS JEFFERSON.

To William Short.

WASHINGTON, Dec. 19, 1801.

DEAR SIR:—My great anxiety at present is to avail ourselves of our ascendancy to establish good principles and good practices; to fortify *Republicanism* behind as many barriers as possible, that outworks may give him time to rally and save the citadel, should that be again in danger. *On their part, they have retired into the Judiciary, as a stronghold. There the remains of Federalism are to be preserved and fed from the Treasury, and from that battery all the works of Republicanism are to be beaten down and erased.* By a fraudulent use of the Constitution, which has made judges irremovable, they have multiplied useless judges merely to their phalanx.

* * * *

THOMAS JEFFERSON.

To John Dickinson.

What Mr. Jefferson says above of Federalism "*retiring into the Judiciary as its stronghold*," and "from that battery *beating down the works of Republicanism*," could not more forcibly describe the present position and aims of modern Democracy, which relies wholly on the Judiciary to uphold all its flagrant usurpations, and all its outrages upon the interests of free labor and free institutions.

STEAM NAVIGATION ON ROCK RIVER—AN ATTEMPT TO TEAR AWAY A MILL-DAM.—The Janesville *Gazette* of Wednesday relates the following rather peculiar case:

W. R. Foster, during the last summer has completed a small steamboat at the Indian Ford, north of this city, at a cost of some $5,000. With this boat he proposes to navigate Rock river, but inasmuch as there are some slight obstructions in the way in the shape of dams and railroad bridges, he has not yet succeeded in running his boat a great distance and the voyages have not been very profitable. The extent of navigation has been from Indian Ford to the M. & M. Railroad, about two miles. On Saturday last, Capt. Foster proceeded with his boat to the bridge, but abandoned his intention of going farther, in consequence of the opposition of the inmates of a garrison at the bridge. This fortification may have been noticed by the railroad traveller, which is situated on the river, near the railroad bridge, and having the words "Fort Rock" printed upon it. We understand that a guard has been stationed there for the last two or three months for the purpose of watching and protecting the bridge.

We understand that the steamboat returned on Saturday afternoon to Indian Ford, and that some persons connected with it, attempted to cut a hole in the dam, for the purpose of allowing the boat to pass through. They were, however, arrested by Constable Burnham, before they had succeeded, and are now on trial before Justice Parker, of this city.—An attempt will be made to justify this act on the ground that Rock river is a navigable stream, and that all dams and bridges are obstructions.

MEETING OF THE MINNESOTA LEGISLATURE.—The new Republican Legislature of Minnesota meets on the first Wednesday of December. The new (Republican) Governor and other State officers are not inaugurated until the first of January next.

PROCLAMATION—THANKSGIVING.

ANOTHER YEAR, with its varied experiences and vicissitudes, has nearly gone, the seed time and harvest have passed away, and the products of the earth more abundant and excellent, in many respects than usual, have been gathered in. Our State has been favored by an overruling Providence with exemption from pestilence, or any prevailing disease, and the commercial and financial distress, under which our land has so long suffered, seems to be approaching an end. As a State we have been free from evil disturbances, and men have gone about their daily avocations in peace and quietness. As a nation, too, we have been exempted from the scenes of blood which have been the result in other lands of the shock of contending hosts.

It is right that we should, as a people, render the tribute of our thanks to the Author of all good, for the establishment and continuance of our free institutions, for the general health and prosperity of our people, for the blessings of peace, for the privileges of free education, and freedom to worship God according to the dictates of conscience, and for all the unnumbered blessings, individual and national, so bountifully showered upon us.

Therefore, in accordance with the time-honored usage, I do hereby recommend to the people of Wisconsin that they observe THURSDAY, THE 24th DAY OF NOVEMBER NEXT, as a day of THANKSGIVING, and that, abstaining from their secular avocations on that day, they unite in their several localities in grateful praise to Almighty God, for his constant care and abundant mercies.

In testimony whereof, I have hereunto subscribed L. S. my name and caused the Great Seal of the State to be affixed.

Done at Madison, this 25th day of October, in the year of our Lord one thousand eight hundred and fifty-nine.

By the Governor,
ALEX. W. RANDALL.
J. D. RUGGLES, Ass't Secretary of State. oct26

Carl Shurz at Sauk City—A Masterly and Convincing Speech—Great Enthusiasm for the Republican Ticket!

From the Madison State Journal.

SAUK CITY, October 28.

Messrs. Editors:—We had a most interesting and profitable meeting here last night. We had barely twenty-four hours notice that Mr. Schurz was to speak here, but immediately got out hand bills and sent men out to circulate them in the country. The result was that the magic of the name which the people of this State have learned so highly to respect, in connection with the discussion of the principles which underlie our politics, drew together a crowd cramming the largest hall in the place beyond its utmost capacity. Before the meeting, a tar barrel was set on fire in front of the hotel where Mr. Schurz was staying, and the hall where he spoke was brilliantly illuminated. He first addressed his German fellow citizens in their own language, in a most eloquent speech of an hour and a half. Commencing by a reference to the course of the two parties on the homestead and pre-emption bills, he showed that in regard to free labor, the two parties occupied diametrically opposite positions, and that the Republicans were the true friends of the emigrants.

Then reviewing the course of the Democracy since '48, '49, and stating the positions they occupied then, he affirmed that the Republican party now, on the slavery question, took the same ground as the Democratic party then, and that the man who was an honest Democrat then, believing what he professed, if he was still held by a mere name to a party which had forsaken its principles, was either stupid or dishonest, holding that a man should forsake a party when it betrayed his principles, and act with that which was true to them. Laying bare the doctrine of Popular Sovereignty in all its naked deformity, and rehearsing the history of the Nebraska bill, he passed to the consideration of the charge of Know-Nothinism against the Republican party, and demonstrated that it was false, by reference both to the platforms and their acts, referring to the two years amendment in Massachusetts, and to the fact that there almost twice as many Democratic voters there as voters against it, that no Democrat went there to urge its rejection, that a similar law existed in South Carolina, which the Democrats had not condemned, and the Democracy by the provisions they incorporated into the Nebraska bill and by other of their acts were better entitled to be called the Know-Nothing party, in spite of their loud professions of love to foreigners about election times.

He closed up by referring to the action of the last Republican State Convention and showed that the idea that Randall was nominated by the K. N.'s was absurd, and urged all his friends to vote for Gov. Randall and the whole Republican ticket.

The interest and enthusiasm manifested during this speech was most marked. Often you could hear a pin drop and then came a storm of applause.

Mr. Schurz spoke little more than half an hour in English, occupied mostly in a notice of Douglas's Harper Essay, which he most thoroughly exposed and dissected. He urged the people to follow the example of other states and show their condemnation of a man who did not care "whether slavery was voted up or voted down," in this day of the great struggle between human rights and human wrongs, and to be as faithful to their leaders as they required their leaders to be to them.

The meeting adjourned with three rousing cheers for the speaker and the ticket. Its effect is very marked. The lukewarm on our side are aroused, the hesitating have their doubts cleared away and even many of those who have stuck to the Democratic party through thick and thin are led to pause and reflect. The Democracy can no longer lay the flattering unction to their souls and circulate the lie that Schurz does not support the Republicon ticket in our State this fall.

In haste, yours, P.

"Thou art the Man."

Henry Winter Davis, of Baltimore, in a speech the other evening, boldly and truthfully charged upon the Democratic party the responsibility of the recent outbreak in Virginia. Senator Wilson, in a recent speech in New York, took the same ground and gallantly repelled the base charge that the Republican party or any of its trusted leaders, had anything to do with it. He said:

> "I put the prediction on record to-night, that the effort to charge the responsibility of that mad and insane act will miserably and ignominiously fail. I charge the real responsibility of the act to the pro-slavery Democracy. It is the legitimate fruit of the policy that has governed the country for years past. Dr. Channing said, many years ago, that the excesses of the French revolution laid at the door of the rulers, who had goaded the people to madness, and in the same way the scenes at Harper's Ferry were chargeable to the slaveholding power. What has been the action of the slave power during the last few years? Our country was divided into two great forces. You may call it the irrepressible conflict, or what you please. On the one hand there is a proposition to extend slavery; on the other to restrict it. The slave power has seized the Democratic party in this country, and has used it for the extension of slavery."

Mr. Davis and Mr. Wilson are right. The Democratic Party and the present and late Administration, are responsible for all these disorders. Their reign has been one of violence and blood. In Kansas they rewarded incendiaries, robbers and murderers with lucrative offices, and patronized the men who could boast of the most cheating in the canvass of votes. Such villains are among its Territorial office holders now. If justice could be meted out where it is deserved, Pierce, Douglas and Buchanan would be pronounced the three greatest disturbers of the public peace in the country. But being in the service of Slavery they of course receive rewards instead of the punishment they deserve.—*Rochester Democrat.*

Catarrh! Catarrh! Catarrh! Catarrh!

What is it? How Cured?

Thousands of persons suffer all sorts of annoyance from Catarrh. Most people know what its inconvenience and results are, yet but few know how it can be cured. It is simply a chronic irritation, and often enlargement of follicles, and consequent thickening of the mucous membrane, lining the nasal cavities, frontal sinuses, and posterior nares, and sometimes extending into the throat and lungs. From this result tightness and often vertigo of the head, obstructed nose, or a profuse flow of mucus, loss of smell, nasal voice, and often impaired hearing and taste.

The old-school remedies have never been able to do anything for it. Nasal infections and inhalations are as painful and expensive as they are generally worthless. Yet HUMPHREYS' CATARRH SPECIFIC, a simple *Sugar Pill*, taken two or three times per day, promptly cures the milder cases; cures at once all colds in the head, and radically cures, by persevering use, the most obstinate cases, as is proved by the experience of hundreds.

Price, with full directions,
FIFTY CENTS PER BOX.

N. B.—A full set of HUMPHREYS' HOMEOPATHIC SPECIFICS, with Book of Directions, and twenty different remedies, in large vials, morocco case, $5; do, in plain case, $4. Family case of fifteen boxes and book, $3.

These remedies, by the single box or case, are sent by mail or express, free of charge, to any address, on receipt of the price. Address,

THE TWO PARTINGS.

We parted once before. You wept
When I rose up to go, you did;
You prayed for me before you slept,
You little love, you know you did!

And no grief now is on that brow,
Which then you said, throbb'd so, you did;
You loved me better then than now—
You cruel thing, you know you did!

Do you remember what the sea,
I took you out to show you, did?
You made a pretty smile—
You false of tongue, you know you did!

You sighed, "That life was like its crests
When sunshine breezes blow," you did;
"To catch love's light before it rests!"
You cold, cold heart, you know you did!

What have I done? You smile no more
On me as months ago you did;
You deem my homage now a bore;
You liked it then, you know you did!

"How blest," you said, "were life with one
Who loved me truly!" O, you did!
But—you thought I was an elder son—
You utter flirt, you know you did!

Passages from the Saturday Press.

LAY OF THE GREAT EASTERN.—Delay.

MEAN TIME.—The time by Trinity Church clock.

TWO BITES AT A CHERRY.—The split in the Democratic party in Massachusetts.

THE COUNTERFEITER'S WATCHWORD.—Never say die.

A SOLAR WOMAN.—An article in the last number of the Home *Journal* describes Madame Le Vert as a "solar woman, drawing after a firmament of planets."

FIREMAN'S MOTTO:—
Water, water, everywhere,
But not a drop to drink.

"MEN WHO HAVE RISEN."—A book having been recently issued under the above title, Jo. Cose writes us to express his astonishment at finding no allusion in it to Dr. Dodd, the forger; Greenacre and Walmsly, the child murderers; Gibbs, the pirate; Dick Turpin, the highwayman, &c.

THE DEMOCRAT'S FORLORN HOPE.—Harper's Ferry.

THE IRREPRESSIBLE CONFLICT.—Beecher's "Conflict of the Ages."

THE UNIVERSAL PROFESSION.—That of Gold-chaser.

THEOLOGICAL.—Jo. Cose having had the question propounded to him whether he believed in "original sin," replied that so far from it, he had found sin to be the least original thing in the whole world.

CONUNDRUM.—Why should a printer make a good lawyer? Because he would always be sure to understand the "case."

INFORMATION WANTED.—The Charleston *Mercury* is requested to inform us what has become of the famous Canard line of steamers, to run between that city and Liverpool.

EQUAL TO MARK TAPLEY.—Jo. Cose, on being asked what he should do if he were banished to the woods, replied that he thought he should "split."

ADVICE TO THE FIFTH AVENUE COMMITTEE.—Beware of *Fourbes!*

DEFEATED AT LAST.—The All-England Eleven have just left the country because they found themselves incapable of making a "long stop."—*Saturday Press, Oct. 29.*

BONNETS.—The last word from Paris about bonnets is important, as indicating a change. Bonnets, it is said, will be worn larger, coming more over the forehead, and the crowns are higher up on the back of the head. The Paris correspondent of the *Journal of Commerce* describes several of them thus:

"The first is a drawn bonnet of black velvet, trimmed with a torsade of pansy velvet, fastened at the side by a velvet cock's comb, in the centre of a lace rosette, from which hangs a square barb of velvet edged with lace. The curtain is of black velvet, and the inside trimming consists of a torsade of black ribbon, and on the right hand side a rosette of pansy velvet, with silk ends; the strings are of very wide black ribbon.

"A second is of violet terry velvet, with a fold in the middle of the front, and around the crown a torsade of velvet and lace; on one side there is a curled feather, which terminates in a velvet drooping feather, tipped with black; the curtain of black crape is piped with velvet, and covered by a deep lace. Inside a ruche of black lace over the forehead, and white blonde ruches from the cap.

"A third model consists of a mixture of velvet and tulle; the front being of tulle—on which is laid a boquet of black feathers—and the crown and curtain of black velvet. On one side of the tulle front there is a bow of double velvet, set in a lace ornament.—Branches of mimosa and small ends of feathers, with two blue bows, one surrounded with lace and the other holding a feather, form the decoration around the face.

THE FLOUR TRADE OF BOSTON.—No person can visit our business streets without noticing the large movements of Flour constantly taking place, and in fact the trade of Boston in this great article is immense, far exceeding that of any other Atlantic city, save New York alone. In 1858 more than *one million two hundred thousand* barrels of flour was received in this city, or about *four thousand barrels* each working business day. The year ending Sept. 1, 1859, the receipts were 1,077,720 barrels. From this great central market this article is distributed all over the New England States and British Provinces. Western Massachusetts, and a portion of Maine, and the large seaports of this State import their own flour to a considerable extent. For the general assortment, however, of the finer grades of flour, nearly all of New England has to visit Boston market. The trade in this great staple is constantly increasing and becoming more and more important to Boston.—*Boston Traveller.*

MR. WEED AND THE NEW WORLD.—Among the incidents connected with the disaster to the *New World*, we learn that a passenger in the early train for Albany yesterday morning, reported that Mr. Thurlow Weed, of Albany, was on board and jumped into a small boat which soon afterwards swamped, and the belief was general that he was lost.—This rumor gained credence in the city during the day, from the fact that nothing could be learned to the contrary at the Astor House, or elsewhere. Late in the afternoon, however, we learned that Mr. Weed had arrived safe and well at home, and that instead of getting into a small boat, he had manfully assisted in removing the affrighted passengers from the *New World* to the *Jack Downing* and *Ohio*, and then quietly lit his cigar and remained on the decks of the sinking vessel until her keel found the bottom, and the few remaining passengers and crew were taken off by the *Mercury* and conveyed to Albany.—*N. Y. Commercial.*

A BLOODLESS VICTORY!!!
1,000,000 BOXES SOLD OF
MOREHEAD'S
MAGNETIC PLASTER

THIS ENORMOUS QUANTITY OF this Invaluable Remedy has been purchased by citizens of the United States during the short time it has been before the public. The reason for this extraordinary success is simply in the actual truth and value of the article. No one buys the MAGNETIC PLASTER without becoming its friend. It performs all that is promised, and carries with it its own recommendation. Truly this is a Victory—peaceful and bloodless—but we believe not less glorious than the triumphs of war, with its train of carnage and desolation.

The MAGNETIC PLASTER is undoubtedly the Greatest Strengthener and Pain Destroyer that Science has yet discovered. If you put this Plaster anywhere, if Pain is there, the Plaster will stick there until the Pain has vanished. The Plaster magnetises the Pain away, and

PAIN CANNOT EXIST WHERE THIS PLASTER IS APPLIED.

Rheumatism, Lameness, Stiffness, Weakness, Debility, Nervousness, Neuralgia, Dyspepsia, Coughs and Colds, Pains and Aches of every kind, are IMMEDIATELY RELIEVED, and, with a little patience, PERMANENTLY CURED, by the magical influence of the MAGNETIC PLASTER. It is the simplest, surest, safest, pleasantest and cheapest remedy in existence. Its application is universal—equally to the strong man, the delicate woman, and the feeble infant. Its use is agreeable, and without annoyance or trouble. Its price is within reach of all—rich or poor; all may have it, and all should have it who are sick, and suffering in any way.

FARMERS and PLANTERS should always be supplied with the MAGNETIC PLASTER. It will be the Good Physician in any household, ready at all times and at instant notice.

Put up in air-tight tin boxes. Each box will make six to eight plasters, and any child can spread them. Price, twenty-five cents per box, with full and plain directions. D. C. MOREHEAD, M. D.,
Inventor and Proprietor, 19 Walker St., N. Y.

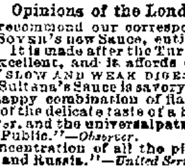
SOYER'S SULTANA SAUCE,
For Hot or Cold Dishes of all Kinds.



THIS MOST DELICIOUS and appetizing Sauce was invented by the renowned "SOYER," on his return from the Crimea, and since his decease is manufactured by CROSSE & BLACKWELL, London, from the original recipe. The manufacturers simply ask for it a trial, convinced that it must add to the already large consumption, and that it will prove itself unequaled, either as a stimulant to the appetite or an aid to digestion.

Opinions of the London Press

"We recommend our correspondent to try Monsieur SOYER's new Sauce, entitled the 'Sultana's Sauce.' It is made after the Turkish recipe; its flavor is excellent, and it affords considerable aid to cases of SLOW AND WEAK DIGESTION.—*The Lancet.*

"The Sultana's Sauce is savory, piquant, and spicy; a happy combination of flavors and essences worthy of the delicate taste of a Sultana, the genius of a Soyer, and the universal patronage of a discriminating Public."—*Observer.*

"A concentration of all the piquant resources of Turkey and Russia."—*United Service Gazette.*

"As a titillater of the appetite this Sauce stands alone. It is a most valuable adjunct to Fish, Flesh, or Fowl, and should be placed on every dinner table."—*Atlas.*

"The Sultana sauce is a most delicious zest."—*Morn Chronicle.*

Richardson's Irish Linens, Damaks,

DIAPERS, &C.—CONSUMERS OF RICHARDSON'S LINENS, and those desirous of obtaining the GENUINE GOODS, should see that the articles they purchase are sealed with the full name of the firm, J. N. RICHARDSON, SONS & OWDEN, as a guarantee of the soundness and durability of the Goods.

This caution is rendered essentially necessary, as large quantities of inferior and defective Linens are prepared, season after season and sealed with the name of RICHARDSON, by Irish Houses, who, regardless of the injury thus inflicted alike on the American consumer and the manufacturers of the genuine Goods, will not readily abandon a business so profitable while purchasers can be imposed on with Goods of a worthless character.

In all acute diseases, such as Fevers, Inflammation, Diarrhea, Dysentery, Croup, Rheumatism, and such eruptive diseases as Scarlet Fever, Measles, and Erysipelas, the advantage of giving the proper remedies promptly is obvious, and in all such cases the specifics act like a charm. The entire disease is often arrested at once, and in all cases the violence of the attack is moderated, the disease shortened, and rendered less dangerous.

Coughs and Colds, which are of such frequent occurrence, and which often lay the foundation of diseased lungs, bronchitis and consumption, may be at once cured by the Fever and Cough Pills.

In all chronic diseases, such as Dyspepsia, Weak Stomach, Constipation, Liver Complaints, Piles, Female Debility, and Irregularities, old Headaches, Sore or Weak Eyes, Catarrh, Salt Rheum, and other old eruptions, the case has specifics whose proper application will afford a cure in almost every instance.—Often the cure of a single chronic disease, such as Dyspepsia, Piles or Catarrh, Headache or Female Weakness, has more than paid for the case ten times over.

BININGER'S
OLD LONDON DOCK
GIN

A. M. BININGER & CO.,
(ESTABLISHED 1778.)
SOLE IMPORTERS,
No. 338 Broad Street, New York.

THIS DELICIOUS TONIC, ESPECIALLY for the use of the
Medical Profession and the Family,
Possesses those INTRINSIC medicinal properties, [Tonic and Diuretic] which belong to an
OLD AND PURE GIN.

The business of manufacturing spurious Gins, and offering them as beverages, under the titles, "Aromatic," "Cordial," "Medicated," &c., has become so common that the public are justly suspicious of nearly everything that is offered under similar forms, and the trade has thus been brought into disrepute. It has remained for our house (established in 1778) to supply the pressing popular need, and to inaugurate a new era in the history of the Trade. We trust that our established reputation—founded upon eighty years of experience—will abundantly vindicate our claim to public confidence.

N. B.
A comparison of "Bininger's Old London Dock Gin" with others bearing similar names, will establish its superiority, and make other Caution unnecessary.

Put up in Quart Bottles, in Cases of one and two dozen each, and sold throughout the world by Druggists, Grocers, &c.

COMMERCIAL.

THURSDAY EVENING, November 3d.

Money Matters.

Exchange on New York is in good supply, but the demand being also considerable, the selling rate is firmly maintained at 1¼ premium. Since the reaction in the grain market, the demand for currency has been less pressing, and the banks find themselves in better condition to meet the wants of general customers.—Generally speaking during the past week the offerings of good business paper for discount have been taken by the regular houses at 10 per cent.

Prices of wheat declined 1c to-day, or rather sellers acceded to the decline of yesterday, and the market has been quiet throughout the day, closing dull. The transactions reported embrace about 12,000 bushels at 84c for No. 2 spring on the track; 86c for No. 1 on the track; 88@90c for Club, delivered; and 90@91c for Extra. Amongst the sales was one lot of No. 1 at the Minnesota depot at 87c on the track; and a couple of thousand bushels of the same quality sold at 87@87½c for delivery in bags. Spring Extra flour was in better request, but some grades sold at a shade lower prices than yesterday. The ruling figures were $4,40@4,50 for good country brands, but there were a couple of sales as low as $4,25 and as high as $4,60, the former, "Caledonia Creek," and the latter "R. Jenkins" flour. Freights advanced ½c, the rate for wheat to Buffalo to-day being 9c. Shippers are very reluctant to pay this figure, and with good reason, as vessels are chartering at Chicago, 85 miles further from Buffalo, at 8c. By some shrewd financiering freights have been kept up here ½ to 1c above the current rates elsewhere, all through the season, and thus shippers at other points on the Lake have had a decided advantage over those of Milwaukee, for which there is certainly no good reason.

CHICAGO, November 2d.—Receipts: 6,010 bbls flour, 47,571 bush wheat, 28,515 bus corn, 10,718 bus oats, 10,510 bus barley.

The *Press & Tribune* says:

The wheat market to-day, notwithstanding the light receipts, has been very dull, and under the advance in freights and unfavorable news from New York, declined 2@3c on Spring grades. The transactions, however, were unusually light, holders generally refusing to submit to the decline. Winter wheat was also quiet and nominally lower. Only about 40,000 bushels of all grades changed hands, at 95c for No. 2 white, 84@85c for No 1 Spring; 82@82½c for No. 2 Spring; and 75c for rejected—the market closing very dull at the inside quotations, partly on account of the scarcity of currency. Flour also shared in the depression, and declined 10@15c, with very limited sales. About 700 bbls changed hands, at $4,25@4 55 for fair to choice Spring extras; $4,60 for good superfine, and $5,50 for choice white Winter. New corn was in good supply and 2c lower. About 15,000 bushels were sold at 60c for new No. 1 in store; 47@48c for new rejected in store, and 45@48c for car corn on the track. Old corn dull and neglected—the only sale reported being a car load of No. 2 at 69c in store. Oats declined 1@1½c, with limited transactions at 32@32½c for No. 1 in store—closing dull at the inside figure. Barley active, and ½c lower. About 14,000 bushels changed hands at 62c for No. 1 in store, and 51@52c for No. 2. Rye quiet and unchanged, with sales of about 2,500 bushels at 61c for No. 1 in store. Highwines declined 1c, with sales at 23@24c. Timothy seed in fair request and a shade firmer—sales being made at $2,00@2,12½.

Freights advanced 2c. The rates to-day were: wheat to Buffalo at 8c; new corn to Ogdensburgh, 12c; oats to Buffalo by steam at 5½c.

CINCINNATI, Nov. 1st.—Receipts: 335 bbls flour, 583 bus corn, 1,265 bus wheat, 342 bus oats, 266 bus barley.

The *Gazette* says:

The flour trade has dragged heavily during the week, and prices, as compared with last Tuesday's currency, are 20c per bbl lower on superfine. Stocks, however, are not offered freely—holders looking forward with a good deal of confidence, for a higher range of prices. Wheat declined, during the week, 5c ℔ bushel, and closed dull at $1,05@1,15 for white, and $1,00@1,08 for red. Corn is firm and in good demand at 40@43c. Rye is in request at 80@82. Oats firm at 45@46. Barley dull and declining. There is a good demand for mess pork, and good brands are taken freely at $13,75. The orders are chiefly from Canada. Bacon is dull at 7¼ and 9¼ for shoulders and sides. Lard is held firmly at 10¼ for prime barrel, with buyers at 10@10¼. New mess pork has been sold to some extent, for December delivery at $13 50—and new Bacon sides, for the same delivery, at 8½c. Pork packing will commence in a few days, but the operations for two or three weeks to come will be light. There have been sales for early delivery at $5,60 to $6—and the rate to-day, for next week was about $5,75; but buyers do not take hold with any degree of eagerness. There is a general want of confidence in the trade at current figures, and nobody except who have old contracts to fill, is disposed to purchase in advance. The impression is that the arrivals during the first part of the season will be light, and that the heaviest end of the business will be transacted after the holidays. We shall, from present indications, have less of a speculative, and more of a legitimate business than last year. About 300,000 lbs of tallow have been sold for future delivery, at 10¼@10½c. Whisky closed dull at 22½c. A farther decline being anticipated, the article is handled cautiously.

ALBANY GRAIN MARKET.—The *Statesman* of Tuesday evening has the following report of the Albany grain market:

The offerings of wheat on 'Change this morning were large, and lower rates were demanded by our millers; the sales were 3,000 bus red State 122c, and 8,700 bus white Canadian 134@136c. Rye in the street 90c; sales 2,000 bus ordinary canal 81c, and 5,000 bus do, on order, p. t. Corn in the street 102@103c; no sales of Canal, and none offering afloat. Oats in the street 42@45c; the sales at the Board to-day were large, covering 40,000 bus; State, Canada and Chicago at 42½@45c, closing at the inside figures. The receipts of barley at tide water during the 4th week of October, will be about the estimates of some receivers, viz: 250,000 bus. The returns at hand give 227,900 bus, with Waterford to hear from. Placing the receipts of the week at 250,000 bus, we have 1,044,000 bus new crop against 2,026,000 bus new crop to the same date in 1858. The sales to-day show no material change, and include 8,000 bus winter barley 81c, 8,500 do Canada East 82@83c, 3,500 do Penn Yann 82c, 6,000 bus Canada West, via Toronto, 85c, which is not up to the market, and 8,000 do State, Canada and Winter, taken in one lot, on p. t.; also 4,000 bus Lake Shore 83c, yesterday. The large parcels of Wisconsin on the market yesterday and to-day, will probably be shipped to New York.

THE NEW LIGHT HOUSE ON THE ST. CLAIR FLATS.—The Detroit *Free Press* says that the new Light House on the Flats, which has been in process of construction for a year or more past, has just been completed, and was lighted for the first time on Tuesday night. There is both a light house and beacon. The structures are upon the prolongation of the central line of the cut for the straightening of the channel through the St. Clair Flats, the beacon at the first bend in the channel above the cut, and the light house 1,000 feet in the rear of the beacon. The light house and dwelling are built of brick. Their color is yellow. The focal plane is 44 feet above the water. The illuminating apparatus is a catadioptric lens of the fourth order of the system of Fresnel, showing a *fixed* light of the natural color, which should be visible in ordinary weather a distance of twelve nautical miles. The beacon is also built of brick, and its color is yellow. The focal plane is 28 feet above the water. The illuminating apparatus of the beacon is a catadioptric lens of the fifth order of the system of Fresnel, showing a *fixed* light of the natural color, which should be visible in ordinary weather a distance of 10 nautical miles.

The following sailing directions have been issued by the Light House Board:

"Navigators on Lake St. Clair may take the range N. 16° E in approaching the excavated channel when from 2 to 3 miles from the light-house. The entrance to the cut is 1½ miles from the light-house.

At about 900 feet from the beacon, the lights will appear as one from the deck of an ordinary vessel, and at this point vessels should gradually turn to the right, making an angle of 49° in a distance of 1,500 feet.—The turn will be completed when the distance from the light-house and beacon to the vessel are the same. The course is then S. 75° E. for a distance of 3,700 feet, (nearly ¾ of a mile), when another gradual turn is to be made towards the left, making an angle of 56° in a distance of 1,800 feet; then a course N. 48° E. takes a vessel into a part of the river which has well-defined banks."

COLLISION.—A collision took place on Saturday last at the entrance of Black River, between the propeller *Stockman* and the tug *Lion*, by which the former had her starboard bow stove in. It will cost $50 to repair her again.—*Detroit Advertiser of yesterday.*

JUNIUS JUDSON,

PATENTEE AND MANUFACTURER OF

JUDSON'S PATENT GOVERNOR VALVES,

FOR REGULATING THE

MOTION OF STEAM ENGINES,

WARRANTED THE MOST PERFECT Governor of Steam Power in the world, and like all really great inventions, the most simple. Manufactured by Judson & Snow, at Rochester, N. Y., Selye Buildings, near R. R. Depot.

Shop Rights for sale.

CAUTION TO INFRINGERS.

Patent issued in the United States, Nov. 5th, 1850. Reissued, Jan. 4th, 1851. Second Patent, March 4th, 1851. Patented also in Great Britain and the Canadas, June 6th, 1851.

This improvement consists in making regulating valves to open with a rapidly increasing ratio of opening, by increasing the width of the opening made in the valve—or by accelerating the opening motion of the ordinary valves in use—or by combining increased width of opening, with accelerated valve motion. My patent Valve and Governors are so arranged as to give the resistance to the piston's motion, (or retard of the engine,) the power to open the valve just the exact amount of aperture necessary to counteract that resistance; and from the aperture, by the addition of equal amounts of resistance, notwithstanding that the action of the governor is continually decreasing in its effects.

I therefore reverse the action of valves combined with governors, as heretofore used. And as this effect can be produced by many different mechanical devices, (apparently not similar, but really indentical with my improvement,) by which infringers have imposed upon the public, I therefore caution and request all persons interested, to examine carefully all alleged improvements in valves or governors, to see if the application of this truth or principle, first discovered and applied by me, is not involved in their arrangements:—and thereby prevent a fraud upon the purchaser and inventor, both of which are at present much annoyed by their piratical depredations. DR. CHURCHILL'S REMEDY.

WINCHESTER'S GENUINE PREPARATION OF THE

HYPOPHOSPHITES

OF LIME AND OF SODA.

(Made from the Formula of Dr. J. F. Churchill,)

FOR THE PREVENTION AND CURE OF

CONSUMPTION!

THE SUCCESS OF THIS NEW REMEDY, (discovered by Dr. Churchill, of Paris) is obtaining the most UNBOUNDED POPULARITY throughout Europe and the United States. It is a purely SCIENTIFIC PREPARATION, and acts with INVARIABLE EFFICACY in all stages of Pulmonary and Nervous Diseases.

This *Remedy* has not only a curative effect, but will, if used whenever there exists a suspicion of the disease, PREVENT ITS DEVELOPMENT, and thus act, *as a preservative with regard to Consumption, just as vaccination does with regard to small pox.*

What the Medical Profession Say.

"In no instance have I found the Remedy to fail."—*Dr. Churchill.*

"I have used your preparation of the Hypophosphites *with the most happy effect*"—*C. Fisher, M. D. Lynville, Ill.*

"*I have been astonished in witnessing the good effects of the Hypophosphites.* The statements in your pamphlet are not at all exaggerated. My patient was just entering the last stage of tubercular consumption."—*S. Moses, M. D., Honeoe Falls, N. Y.*

"They exert an important remedial influence over the tubercular disease by *improving the nervous strength and invigorating the nutritive functions.*"—*Dr. W. E. Rust, Morristown, N. J.*

"I have derived more satisfaction from the use of your Hypophosphites *than from all other forms of medication combined.*"—*Dr. Geo. W. Maris, Columbus, O.*

"If, on the earliest appearance of the symptoms, the patient takes daily about ten grains of the Hypophosphites, he will speedily find himself in the enjoyment of such health as he, perhaps, had never known in his life before."—*Dr. Churchill.*

"Winchester's Hypophosphites are unexceptional in their preparation."—Am. Druggists' Circular.

"Mr. Winchester is worthy of all confidence and devotes himself enthusiastically to these preparations in all their variety of combination. * * * Prepared strictly by Dr. Churchill's method."—D. Meredith Reese, M. D., New York.

"LOWELL, O., July 5, 1859.—I have had several cases given up by attending physicians who are now exempt from all the symptoms of pulmonary disease.—I have used the Remedy in my own case, with decided success. It was regarded as hopeless by physicians and friends, and even by myself, under the 'old treatment.' I am now able to ride, in attending the sick, as many miles, perhaps in a day, as any other physician in the country."—W. F. Clark, M. D.

"The Hypophosphites are most appropriate Remedies in large class of affections resulting from loss of nervous force."—Boston Medical and Surgical Journal.

Dr. Churchill's Work on Consumption,

IS NOW READY.

The Hypophosphites may be used with incurable success in Chronic Bronchitis, Asthma, Dyspepsia, and in all "Nervous" Disorders.

Make no Delay!

Consumptives, in any stage of the disease, should resort immediately to the use of the Hypophosphites of Lime and Soda. "Winchester's Genuine Preparation" (in simple syrup), in extra large bottles, is "chemically pure"; is the combination proposed by Dr. Churchill "for general use"; and is prepared according to his original Formula.

For sale, Wholesale and Retail, by HENRY FESS, Jr., Milwaukee, who is authorized to supply THE TRADE at New York prices.

For sale at Retail by J. M. ALCOTT, and by all prominent Druggists.

Facilities for the transportation of Freight and Live Stock by this route, are unsurpassed. Rates as low as any other route, and with equal dispatch.
